WORK EXPERIENCE

Guangzhou 4399 Information Technology Co., Ltd. Jan. 2026 - Apr. 2026
Game Marketing Intern, Market Center

- Node Marketing: Led CNY and S6/S7 campaigns for Ball Planet (3M+ exposure); spearheaded Q1-Q2 planning and anniversary marketing for Little Heroes, boosting peak DAU by 12%.
- IP Crossover: Managed full-cycle collaborations for major IPs (Blades of the Guardians, Blue Cat & mischievous rabbit, Dream Westward Journey), driving a 35% increase in UGC submissions through targeted incentives.
- Launch Packaging: Contributed to full-process marketing for Fairytale Master, helping achieve top-tier pre-registration conversion rates and propelling the game to #1 on the App Store Free Chart and TapTap New Game Chart upon launch.

Wuhan Wepie Network Technology Co., Ltd. Jun. 2025 - Nov. 2025
Marketing Intern, Game Marketing Center

- KOL/KOC Marketing: Partnered with 30+ KOLs/KOCs for IP crossovers (e.g., Onmyoji, Identity V), driving 30+ viral videos (10k+ likes, 300k+ total views) and managing 10+ creator communities to boost engagement.
- Creative Communication: Produced 10+ game easter egg marketing solutions based on player psychology, effectively enhancing community interaction rates and viral spread.
- Official Account Operations: Managed social media matrix across Weibo, Xiaohongshu, and WeChat, producing 30+ posts with 1k+ likes and 20+ viral hits with 10k+ likes to drive follower growth and engagement.

Hubei Broadcasting and Television Jun. 2024 - Oct. 2024
Operations Intern, Hubei TV Longshang Channel Longshangxing Program Group

- In-depth Copywriting: Wrote 5 in-depth feature articles (e.g., "Jingcai Agricultural Exhibition") based on hot trends, driving a 40% MoM increase in platform readership.
- Viral Content Creation: Managed Douyin and WeChat Channel matrices, producing 20+ short videos that generated up to 400k+ views per video and gained 2,000+ new followers.
- Node Marketing: Spearheaded the end-to-end "Good Goods Recommendation Officer" live-streaming campaign, achieving 15k peak concurrent viewers, 100k+ total views, and over 500k RMB in GMV.

PROJECTS

Peak Esports Association May. 2024 - Jun. 2026
League Branch Secretary

- Social Media Operations: Managed multi-platform social media operations across Douyin and Xiaohongshu, outputting 100+ original pieces of content and co-creating viral videos (e.g., "Nation's Most Valorant Dormitory") that generated over 50k+ views and rapid follower growth.
- Campus Marketing: Led end-to-end planning for 3 campus events (including "Valorant Basketball Season"), integrating resources across university committees and sponsors (Kuaishou, JD.com) to drive co-created UGC campaigns.

Xiaohongshu Personal IP Account Operation May. 2024 - Oct. 2025

- Account Operation: Built a Xiaohongshu fashion account from 0 to 1 through trend and competitor analysis. Capitalized on the "intern commuting outfit" trend to launch a viral post (130k+ views, 8k+ likes), driving 200+ follower conversions and successful account cold-start.
- Data Analysis: Established a data monitoring system to analyze fan demographics, driving a 20% MoM increase in average monthly views through continuous content iteration.
- Traffic Monetization: Secured 3 brand barter partnerships independently, creating customized promotional content that generated 50k+ single-post impressions to complete the commercial closed loop.

SKILLS & CERTIFICATES

- AI Workflows: Proficient in AI collaboration using Codex, Claude, Cursor for Vibe Coding, capable of rapidly building workflows and reusable skills.
- Office Tools: Proficient in Xmind for system flowcharting; skilled in Word and Excel for requirement documentation and presentation deck creation.

- Design Basics: Skilled in Photoshop, Illustrator, and Premiere Pro, with competencies in vector graphic design, promotional material production, and asset slicing, capable of precisely translating visual requirements and strictly controlling material quality.
- Data Analysis: Proficient in Excel (formulas/pivot tables/charts) and SQL (basic queries) for user behavior analysis and data dissection.
- Languages: IELTS 7.0 (English usable as a working language); CET-4/CET-6; Mandarin (Native); Cantonese.
